Dining

At Agapi Beach Resort, dining means more than simply eating; it involves coming together "parea" with family and friends, to savor our time together while we savor what is on the plates of our Crete restaurants and bars.

The Cretan diet – rich in fruit, vegetables, grains and olive oil – is known for its healthfulness and its focus on homegrown production. We are committed to crafting delicious dishes using fresh, locally sourced ingredients, proudly partnering with regional producers who share our passion for quality.
