## Environmental and social responsibility

*"In fact, possibilities need to be detected, chances have to be used to be able to make a precaution contribution for the active future concept."*

- We are Green Key certified.
- We are "Greek breakfast" certified. A program sponsored by the Hellenic Chamber of hotels.
- We joined WWF Greece and implement in our hotel the program "Hotel Kitchen", that aims to limit food waste in hospitality industry.
- We do recycling for glass, cooking oil, paper, plastic, metal, bulbs and batteries.
- We provide two different flushing options in all toilets to conserve water.
- We use faucet water saving nozzle to reduce water waste in all our faucets and showers.
- Opportunities to change towels on demand or by leaving them on the floor.
- Possibility to use your bed Linen again, by putting the card from your night board on the bed.
- We use energy saving electric bulbs and all our electric appliances are A++.
- We use energy saving cards for the rooms, so the electricity is turned off whenever you remove them from the socket.
- We use solar panels that provide us the 80% of total energy we need for hot water.
- We use geothermal system together with heat pumps that helps and reduces the conception of electric energy we need for our central air condition system.
- We use BMS (Building Management System) to monitor the use of hot water and air conditioning.
- We use underground watering system for our gardens and with timer, to prevent wasteful consumption.
- We do not use plastic straws anymore but only biodegradable ones.
- The nuts we provide in our bars comes in biodegradable bowls.
- We use reusable polycarbonate glasses for pools & our goal is to use it 100% as well at our beach till the end of 2021.
- More than 85% of our employees are coming from the area of Heraklion.
- More than 65% of our raw materials for our dishes and salads as well as more that 80% of our wine list is from Crete to support the local economy.

At Ikaros Beach Resort we have developed a complete plan, which includes enhanced Health & Safety Guidelines for guests and employees, without making any compromises on the quality of our guests' experience, we are 100% ready to offer you a **safe vacation**.
